

SECRETARY'S REPORT

The sixth meeting of the 1965-1966 season was held on Tuesday, February 1st in the basement of the Wellesley Hills Branch Library. After the reading of the treasurer's and secretary's reports, President Graf then asked the camera crew to start the projector rolling. The meeting featured three films on standing waves, TVI patterns, and an excellent Raytheon film on the manufacturing and testing of our missiles.

The formal meeting was adjourned and refreshments were served.

Respectfully submitted,

Walter E. Lenk
